PICKFORD DECREE WILL  
STAND ANY COURT TEST,  
AVERS JUDGE MCCARREN

(BY A. P. NIGHT WIRE.)  
HANFORD, April 19.—Judge P. A. McCarren, counsel  
for Mary Pickford in her recent suit for divorce from Owen  
Moore at Minden, Nev., issued this statement here tonight  
in connection with a suit brought by Nevada State authori-  
ties to have the divorce proceedings annulled because of al-  
leged collusion on the part of Moore and Miss Pickford:

"I presented the case to a court of competent jurisdic-  
tion. The court went at length into the entire matter and,  
before making the order, commented on decisions of the  
Supreme Court in similar cases. The decree was granted  
after a full and complete hearing with both parties rep-  
resented. The decree will stand the test of any court in the  
world."

HANDS OFF  
IRELAND.

British Envoy in a  
Subtle Hint.

Auckland Geddes, Arriving at  
New York, Says There is  
No Quarrel with Erin.

Those not British Subjects  
Should not Interfere,  
Says New Envoy.

(BY A. P. NIGHT WIRE.)  
NEW YORK, April 19.—Sir  
Auckland Geddes, the new British  
Ambassador to the United States,  
arrived with Lady Geddes today on  
the steamer Kaiserin Augusta Victoria  
from Liverpool.

Englishmen now domiciled in  
Ireland should stand aside and leave  
those who live there to solve their  
own problems, while "it will also  
be helpful if the many in all parts  
of the world who are not British sub-  
jects, but are interested in Ireland,"  
do likewise, declared Sir Auckland  
Geddes at Washington as the British  
Ambassador landed.

"On arrival I wish first to say that  
I look on my appointment as British  
Ambassador at Washington as the  
highest honor and privilege which  
could possibly be granted to me. I  
believe that the massing of world  
peace rests on the existence of mutual  
respect and understanding be-  
tween the peoples of the United  
States of America and the British  
community of nations. It is my am-  
bition to help to develop such re-  
spect and understanding."

"I do not suggest that even if  
there were complete understanding  
of the difficulties of the one nation  
by the other there would be, in either  
country, complete agreement in de-  
tail with the method of solution  
which may have received the sup-  
port of the majority in the other,  
but at least we should have rid of  
suspicion-breeding misconcep-  
tions."

ENGLAND A HAVEN.  
For generations England has  
given sanctuary to representatives of  
the discontented and the unhappy,  
the oppressed and the downtrodden.  
We have listened to harrowing tales  
of great wrongs and we have been  
moved to action time and time again.

We have learned how difficult it  
is to right a small wrong or even a  
single wrong, and we have learned  
that a new, a greater and more  
bitter sense of wrong else-  
where.

Dr. Thomas Found Guilty  
SAN FRANCISCO, April 19.—  
Dr. Frank Thomas was found  
guilty of murder in the second de-  
gree here tonight in connection  
with the death of Miss Rose  
White of Vallejo, who died Au-  
gust 21, last. The prosecution  
contended the girl's death resulted  
from a criminal operation.

Battle Near Navajao

has been fought near Navajao,  
Son., in which Gen. Ramon F.  
Lujan, Governor of Sonora, com-  
manded the Federal troops in the  
field and Gen. Angel Flores the  
rebels, according to an account  
"from private sources" pub-  
lished in Excelsior, a Mexico City  
newspaper, of last Sunday, re-  
ceived here today.

To Control Dardanelles  
PARIS, April 19.—The Supreme  
Council has decided to interna-  
tionalize the Dardanelles, says a  
Havas dispatch from Paris. The  
Allied contingents will be sta-  
tioned in Constantinople to guard  
against Turkish rulers leading  
their people astray and becoming  
again a danger for their neighbors  
and the Allies.

ANTILEAGUE IS  
D'ANNUNZIO AIM.  
Would Gather Egypt, Ireland,  
Turkey, Persia and Others  
in Pact.  
(BY CABLE AND ASSOCIATED PRESS.)  
PIUMME, April 19.—Gabriel  
d'Annunzio is forming an  
Anti-League of Nations, con-  
sisting of minority elements  
in all countries of "oppressed  
peoples," which will be called  
"the League of Fiume." He  
has invited a conference here  
May 15.

Leon Koehnthal, d'Annunzio's  
"Secretary for Foreign  
Affairs," said to the As-  
sociated Press:

"We will include all peo-  
ples who have put under the heel  
of peoples of other races. The  
new league will be a great  
league of democracy, based  
on the principles of self-de-  
termination and communism  
but without the atrocities of  
Bolshevism."

d'Annunzio has used the  
good points of Bolshevism in  
his constitution and rejected  
the bad ones. The post be-  
lieves in a great national  
spirit, but Bolshevism would  
kill this. We have chosen for  
the league a flag with a red  
field and gold serpent, signi-  
fying revolution and eternity."

NEGRO ATTACKER OF  
WHITE GIRL LYNCHED.  
KANSAS MOB METES SWIFT  
PUNISHMENT UPON IDENTI-  
FIED ASSAILANT.  
(BY A. P. NIGHT WIRE.)  
PITTSBURGH (Kan.) April 19.—  
A mob late today surrounded the  
jail at Mulberry, near here, seized  
a negro identified as having attacked  
a white girl here this morning, and  
hanged him to a telephone pole.

The mob did not molest a white  
youth captured with the negro by a  
posse. The youth was remanded  
to the jail by the authorities.

The attack upon the young woman  
took place while she was going to  
Mulberry from her home. She was  
found tied to two trees by a small  
boy. Her throat was slashed. Accord-  
ing to physicians she probably will  
recover.

After their capture the negro and  
youth were taken to Mulberry where  
officials announced the young woman  
and the youth identified the negro  
as the assailant.

News of the arrests spread rapidly  
and the mob soon gathered. Then  
while part of the crowd held the  
officers back others tried the bars  
from the jail window and dragged  
out the negro.

FORMER POSTMASTER  
IS HELD FOR MURDER.  
(BY A. P. NIGHT WIRE.)  
HANFORD, April 19.—William  
J. Forbes, former postmaster at  
Deeth, Nev., was held to answer  
to a preliminary hearing here today  
on a murder charge in connection  
with the death of Clarence R. Es-  
ton, January 29, last, near here.  
Forbes' counsel called no witnesses  
and no date was set for his trial.  
His request for release on bail was  
denied.

## WARRANTS ISSUED FOR RAIL LEADERS AS CONSPIRATORS

Emphatic action to end the switchmen's strike was  
taken by the government yesterday when the Federal  
grand jury, in special session, returned indictments  
charging twenty-seven men with unlawful conspiracy  
under an amendment to the Lever law. The issuance  
of warrants followed immediately.

Violators of the law, if found guilty, may be fined not to exceed  
\$5000, and be imprisoned not to exceed two years, or both, in the discre-  
tion of the court.

The statute invoked in the inquiry is known as the amendment to  
the Lever law, approved October 23, 1919.

They declare that it is unlawful for anyone to limit the facilities for  
the transportation, producing, harvesting, manufacturing, supplying, storing  
or dealing in any necessary; to restrict the supply of any necessary; to  
restrict the distribution of any necessary, or knowingly to conspire to  
willfully prevent preventable deterioration of any necessary in or in  
connection with their production, manufacture or distribution.

The rapidity with which action  
of the most emphatic sort was  
secured by the Federal grand jury  
and United States Attorney O'Connor,  
has never been approached in  
the history of Federal procedure  
in this city. A score of witnesses  
were examined after the grand jury  
met at 10 a. m., and the report was ready  
for the court at 5 p. m.

The secret report was submitted  
to United States District Judge  
Bledsoe, who remained at the Fed-  
eral Building to receive it. He im-  
mediately ordered the issue of Fed-  
eral warrants for the arrest of the  
indicted individuals and fixed the  
bond in each case at \$5000.

As soon as the report was made  
by the grand jury, warrants were  
issued in all the cases, and placed  
in the hands of deputy United States  
marshals for service.

**JOHN GRUNAU  
JAILED AGAIN.**

Violated Promises So Judge  
Orders His Arrest.

Warrants Issued in Chicago for  
Twenty-five Union Men.

Cool Shortage Makes Itself  
Felt in the East.

(BY A. P. MERRY WIRE)  
CHICAGO, April 19.—John Grunau, president of the out-of-control Chicago Yardmen's Association, was taken to jail today by Federal officers, after he had refused to give \$10,000 bond on a charge of violating the Lever Act, for which he was arrested last Thursday with twenty-four other strike leaders. Federal officers said he had violated his promise to remain away from union meetings.

R. V. Miller, organizer for the United Brotherhood of Carpenters, also was arrested last week, was ordered held, awaiting bondmen. Miller said the District Attorney had not violated his agreement not to arrest meetings until advised to do so by his attorney.

Following the issuing of new warrants last night for ten strike leaders, District Attorney Cyrus indicated twenty-five men would be served on men who succeeded to the offices vacated by leaders arrested.

While railroad strikers were approaching normal, a new menace to service came in the form of a strike threat from 10,000 freight handlers and railroad clerks.

At national headquarters of the Brotherhood of Railway Clerks in Cincinnati it was announced no strike vote had been authorized.

The roads announced \$18 cent wage increases were on duty, compared with 48¢ last Saturday and the normal number of 745. Live-stock movement was reported normal.

A meeting of heads of the new railroad's association from strike leaders throughout the country was held today, but no announcement was made of action taken. The new call was called by Grunau to consider plans for continuing the strike, but Grunau was unable to attend.

STRIKE CASES  
Judge C. C. Carter indicted today, charged with "influencing others to injure railroads." He was arrested after he had been indicted for striking at Minneapolis during a railroad strike at Minneapolis.

Minneapolis officials denied Grunau had any part in the 1935 strike and that there had been no violence, but he said to have been arrested.

Following his speech he was arrested from union meetings and reported control of Chicago Yardmen's Association, the "out-law" union.

Two more strike leaders were taken to jail tonight. R. W. Rodka was taken to Waukegan and Samuel Cartwright, an organizer for the United Brotherhood of Carpenters in Chicago. Cartwright refused to inform and to obtain bond and was taken to jail.

Joseph Buckley, one of the men arrested Sunday, failed to appear today after he had been released on his own recognizance, and a warrant was issued for his arrest.

STRIKE IN BUTTE  
(BY A. P. MERRY WIRE)  
BUTTE, Mont., April 19.—Strikes of the city were through with 144 miners, who walked out today in response to the strike call of I. W. W. union No. 10, or were warned away from the mines by I. W. W. pickets. Mine officials announced approximately 100 of the miners were out. I. W. W. leaders asserted 100 per cent. were out. Between 10 and 150 men are employed in the various mines in the Butte district, mine officials estimated.

Pickets attempted to stop all street cars carrying miners to the shaft. Two cars were emptied, but the majority went through to the end of the various lines. There were a few fist fights and rumors of trouble-all arrests were current, but no damage was reported.

Mining officials declared no demands were presented formally by the miners.

**COST OF LIVING  
REMAINS STATIC.**

Clothes Have Increased 84  
Per Cent. Over Prices  
of 1919.

(BY A. P. MERRY WIRE)  
WASHINGTON, April 19.—The cost of living, as represented by prices of twenty-two articles of food, remained virtually unchanged during the month ending March 31.

The Department of Labor's Bureau of Labor Statistics reported today. Figures made public show the cost of the twenty-two articles was only six-tenths of 1 per cent. below the cost in January, when prices reached a high mark.

Wholesale prices of commodities other than food, the statistics showed, were higher in March. Only clothes and clothing showed a small net decrease. Clothing prices, however, have increased 84 per cent. over March, 1919.

During the forenoon, there was a continuous string of men coming from the hill carrying their mining clothes and lunch buckets, believing the mines would be closed down. Company officials declared every effort to continue operations would be made.

Clashes between miners employed on morning shifts and pickets in which several men who refused to obey the strike call were severely beaten, were reported.

Mayor Rodden and Sheriff O'Rourke issued a proclamation calling on the strikers to refrain from disorderly conduct. The Sheriff said deputies would be stationed near the mines.

The last strike which affected workers in the Butte district was the sixty-nine day walkout of the metal trades, which ended October 30, 1919. February 7, 1919, a strike similar to the one issued last night was issued by the I. W. W. and the mines picketed for twelve days.

REPUBLICANS AGREE  
ON SOLDIERS' BONUS.

(BY A. P. MERRY WIRE)  
WASHINGTON, April 19.—The Republican House leaders today tentatively agreed to present a soldier relief measure to the House about May 1.

Besides cash compensation, the bill will include alternative offers of priority in land settlement, home building and extension of vocational training. Two plans for cash compensation have been submitted, one granting \$1 for each day's service, and the other authorizing payment of \$1.55 a day, with no payments for the first two months of service.

Under the latter plan, members said, those exempted because their service was less than sixty days and those serving longer would be treated impartially. It is proposed to begin cash payments January 1, 1931, continuing quarterly. A tax on gross sales, members said, probably will be the plan adopted to raise revenue.

Commerce opposes the desire to present some legislation imposing further taxes on excess war profits.

The Senate today accepted an amendment to the reorganization bill allowing the Secretary of War to detail officers and men of the air service with planes, to the work of forest fire patrols on the national forests.

French Troops Land at Moscow.  
(BY CABLE AND ASSOCIATED PRESS)  
CONSTANTINOPLE, April 19.—A French cruiser landed three battalions of infantry, and some cavalry at Messina, Asia Minor, April 14, according to an official communication issued by Mustafa Kemal Pasha, leader of the Nationalist government. Armenians volunteers covered the landing, but says the Turkish troops were unable to advance further than the protection of their naval guns.

**MASONIC LODGES IN  
CONCLAVE SERIES.**

(BY A. P. MERRY WIRE)  
SAN FRANCISCO, April 19.—With the convening of the Grand Council, Royal and Select Masters, today, the parent lodges of Masons in California began a series of conclaves, which before the week is concluded will include the Grand Chapter, Royal Arch Masons, and the Grand Commandery, Knights Templar.

The Grand Council was convened by H. Ray Fry of San Jose, Grand Master. The degree of Superior Excellent Master was conferred by Pomonas Council.

The Grand Chapter will begin its meetings tomorrow with Elmer Hoover McGowan of Stockton, Grand High Priest, presiding.

WILL PRESENT DEMANDS.  
WASHINGTON, April 19.—Undeterred by refusal of the Railroad Labor Board to hear them today, representatives of the railroad strikers said they would present written complaints with demands for a "living wage" to the board, which will begin formal hearings on the big wage controversy.

The board will proceed with the wage dispute, involving claims of nearly 2,000,000 men, which failed of adjustment when the bipartisan board ceased functioning several days ago.

Heads of the four brotherhoods and the chairman of the Association of Railway Employees, all of whom were present today, will attend.

Timothy Shea, president of the Brotherhood of Railway Firemen and Enginemen, said that the board would be urged. Refusal of the board to hear strikers, he said, would have the effect of sending all strikers back to work.

Delegations claiming to represent railroad men of all crafts who "have quit work" appeared at the office of the board today, demanding assurance of a "substantial guarantee of employment" which they said would send strikers back to work.

They composed an unorganized group, they said, and their demands were not strictly in line with the "Railroad Workers of America," insisting they retained their membership in the recognized unions.

They said the strikers had been "only gone on a vacation." After adopting rules of procedure they will present their demands.

General dissatisfaction with the board's action was expressed by railroad workers. "We will not accept such orders as to notice, answers of parties affected and further hearings as in its opinion the nature and character of the matter involved may require."

All applications and cases presented" concludes the order. "They be considered and decided in the order in which they have been filed with the board, unless, in the opinion of the board the public interests require a change of procedure. All motions or requests to expedite consideration of a case must be made in writing stating reasons and filed with the secretary. All applications shall comply with all rules of procedure adopted by this board."

The board took cognizance of the grievance relating mainly to wage submitted by the recognized railroad brotherhoods and announced that it would begin consideration of their complaints at a hearing tomorrow morning.

**GERMANS IN TOURIST**

(BY CABLE—EXCLUSIVE DISPATCH)  
PARIS, April 19.—Organized opposition to what is believed to be German propaganda to prevent American tourists coming to France, is planned by the French office of the National Touring Club here.

Branch offices of this organization will be opened in New York and other American cities under the direction of the Campagne-Francaise Du 11 Tourisme, an outgrowth of the touring club, which was organized to promote American travel in France.

This company will arrange travel facilities, engage hotel accommodations, and provide information regarding American travel in France.

The order Representative Hagan of New Jersey introduced in the House, claiming to represent 8000 out-of-control strikers in the New York district, was introduced in the House regarding the prompt hearing of grievances. W. N. Doak, vice-president of the trainmen's brotherhood, protested against recognition of the brotherhoods representing the employees.

The board will proceed with the wage dispute, involving claims of nearly 2,000,000 men, which failed of adjustment when the bipartisan board ceased functioning several days ago.

## TELLS REASON OF LOW PRICES.

Judge Gary Answers Inquiries of Stockholders.

Steel Corporation Fights High Cost of Living.

Chairman Says Company Stands for Open Shop.

NEW YORK, April 19.—(By AP.)—Judge Gary, chairman of the United States Steel Corporation, told the stockholders at the annual meeting in Hoboken today that the corporation was holding down the price of its products because of the high cost of living.

Referring to inquiries made by stockholders as to why, in view of the great demand, the cost of production and prices received by other manufacturers, the price of the corporation's products had not been raised above those fixed by agreement between the industrial board and steel manufacturers on March 31, 1933, he said:

"Upon reasonable prices for every commodity and for every service, we think there is a moral obligation on the part of every one to use all reasonable efforts to check this carnival of greed and imposition."

"The man with a fixed income is more and more disadvantaged and is helpless. Therefore, it should be the effort of all to establish and maintain a reasonable basis of prices otherwise the government must interfere."

"The attitude of the steel corporation on prices, Mr. Gary added, 'has considerable influence in preventing increases in the general selling of prices of steel, although some (manufacturers) have made them.'"

PRICES HIGH ENOUGH.

"Moreover, it is believed, 'the selling price of most of the products of the corporation, for the present, at least, are high enough, though it is pertinent to say that when the actual value of the properties and volume of business of the corporation are considered, the net return is at least moderate.'"

Reviewing last year's steel strike, Mr. Gary said:

"We stand for the open shop, which permits a man to work where and when he pleases, on terms mutually agreed upon, whether he does or does not belong to a labor union."

"We do not combat labor unions as such; we acknowledge the right of labor to organize, but insist that labor organization should be subject to governmental regulation like other organizations."

## BRITISH BUDGET PUBLISHED.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, April 19.—J. Austen Chamberlain, Chancellor of the Exchequer, introducing the budget today, said expenditures for 1934 were approximately \$144,000,000 in excess of the budget estimate of last year, but \$35,000,000 below the revised estimate he made last October.

Regarding revenue, Mr. Chamberlain declared that the result greatly exceeded the original budget estimate of \$1,311,100,000. Actual receipts were nearly \$1,350,000,000 in excess of this. On the present basis of taxation, the Chancellor calculated the revenue for next year at \$1,341,450,000.

Exchequer losses for the year, the Chancellor said, were \$1,848,772,000. The revenue was \$1,350,571,000, leaving a deficit of \$498,201,000 which was \$74,392,000 more than the budget estimate and nearly \$147,000,000 less than seemed probable in October. The decrease in the floating debt since the end of March, 1933, was almost exactly \$100,000,000.

The floating debt March 31 of this year, the Chancellor continued, was \$1,912,500,000. Mr. Chamberlain estimated the expenditure for the new year at \$1,177,452,000.

The Chancellor said the external debt amounted to \$1,278,000,000, showing a reduction of \$6,000,000 during the year and this would be further reduced in the current year.

down to the postoffice, then to the railroad station, trying to find my husband. Finally I learned he was in the Warren baseball park.

"When I got there the men at the gate would not let me in at first. Later one of them showed me into the enclosure roughly, saying, 'Well, how that you are here, stay in.'"

"I found my husband among the other men picked out for deportation. At first we all thought that the talk of deportation was a bluff. We did not think that such a thing could be done in this country."

"When my husband was led to one of the box cars I went with him up to the door. I stayed in the park until the train pulled out. Three days later I followed him to Columbus. I returned the next day. I did not see him again until I got him at Douglas several weeks later, on his way back to Bisbee to answer the draft."

Both Mrs. Reap and her husband, Ben Reap, testified that when they returned to Bisbee, Capt. Harry C. Wheeler, then Sheriff of Cochise county, who repeatedly has assumed full responsibility for the deportations, said to Reap: "You had better be good to me, because I am on the exemption board."

## Colored Teeth Good Cause No Worry

They are not pretty to look at, and their discoloration is a sign that the forces of decay are present in the mouth. Yellowish and brownish stains at the necks of the teeth are really colonies of germs, whose purpose it is ultimately to destroy every tooth.

## PEBECO TOOTH PASTE

Counteracts "Acid-Mouth"

The twice-daily use of Pebeco Tooth Paste will certainly do a great deal to keep the teeth white and bright, and free from harmful stains and deposits. It will also have a tonic effect on the gums and entire oral cavity, and counteract any unfavorable acids which may exist in the mouth. A good dentist should be consulted every six months.

Pebeco is sold by druggists everywhere

## NO OPINION ON DRY AMENDMENT

Supreme Court Reconvenes Without a Decision.

New Mexico State Act of 1919 is Constitutional.

New Angle is Given in Opinion on Income Tax.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 19.—The Supreme Court reconvened today without rendering an opinion in any of the various pending cases involving the validity of the prohibition amendment and portions of the enforcement act.

The court held constitutional the New Mexico State act of 1919 levying an excise tax upon the sale and the use of gasoline insofar as it affects gasoline still in the original containers in which it was shipped into the State.

SENTENCE OAKLAND MAN.

The court refused to review the case of Charles L. Baer, convicted in Oakland, Cal., of having steel dies similar to those used in coining gold money. He was sentenced to one year in prison.

NO BOOZE BY AUTO.

The court held that transportation by the owner of intoxicating liquors into a dry State by means of his own automobile was a violation of the Reed bone-dry amendment.

APPROVE BIRD ACT.

The migratory bird act of 1918, designed to carry out provisions of a treaty between this country and Great Britain for the protection of migratory birds, was held constitutional.

The court upheld the Kentucky separate coach act, requiring the separation of white and negro passengers.

INCOME-TAX OPINION.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 19.—In an opinion interpreting the income-tax act of 1913 the Supreme Court today held a mutual life insurance company in computing its income should not deduct cash payments made to policyholders except when premium payments were made by them in same year as that in which repayments were made.

## ROCKWELL FIELD FLIER WRECKED AT MODESTO.

(BY A. P. NIGHT WIRE.)  
MODESTO, April 19.—Lieut. W. M. Randolph of Rockwell Field, driving his German Fokker plane, W-7 from Rockwell Field to the aeronautical show at San Francisco, wrecked the plane here this afternoon when he attempted to make a landing on the edge of the aviation field.

The under part of the machine was completely torn away, but the pilot escaped without injury. His engine was stopped when he attempted to alight, and when the wheels struck a ditch he was unable to get the engine started in time to take the air again, and the Fokker, making a leap of about fifty feet, turned turtle and was put out of commission. The dismantled machine will be shipped to San Francisco.

OVER HUNDRED  
GOUGERS FINED.

Department of Justice Drive  
Bugs Profiteers.

"Public Tempts Us," Excuse  
of One Merchant.

Officials Declare Campaign  
will Continue.

(BY A. P. HUGHES WIRE.)

NEW YORK, April 19.—A. W. Riley, chief of the "flying squadron" of the Department of Justice, whose campaign so far has resulted in the conviction of 197 profiteers, with fines ranging from \$10 to \$100, and imprisonment from one day to two years, has uncovered a number of surprising commodities for which dealers are said to be asking exorbitant prices.

Complaints of alleged "gouging" in almost everything from pickles to rugs and from lemons to whisky, are being reported to Mr. Riley by New York consumers. One man who had paid \$1.15 to a restaurateur for a tiny steak and six small pieces of French fried potatoes, didn't stop to eat them, but, glancing at his check, took a newspaper he had been reading, wrapped up his "meal" and brought it to the Federal prosecutor.

Some of the letters of complaint were amusing, others pathetic. All, however, showed the seriousness of the present era of high prices. One indignant citizen wrote: "You ought to investigate a fish market in Brooklyn. He's a modern Jesse James. What do you think of 9 cents a pound for salmon and 99 cents for sea bass?"

The chief of the flying squadron has received complaints of such examples of alleged profiteering as follows:

Drug store whisky at \$5 a pint and \$2 more for doctor's prescription; canary birds, \$20 to \$25, and \$2 to \$15 for a cage; lemonade, served at a hotel dance, and said to have been "weak," \$1 a glass; rouge, \$1 to \$2 a box for "imported" brands; that fish during Lent rose from 25 cents to \$1 a pound in some New York markets; prunes, three for 40 cents in a popular restaurant, posted, sold as "olive oil," \$1 a quart; anthrax coal, \$15 instead of \$9.50 a ton in New York, N. Y., because the miners were granted a wage increase of 50 cents a ton.

Consumers complain to Mr. Riley that they have to pay 10 cents a pound for the same brands of coffee that retailed 21 cents a pound before the war, and that wholesalers paid 15 cents a pound for some of these coffees three years ago, and are now paying 15 cents. Milk, they charge, costs 18 cents a glass in restaurants, which they buy for 12 cents a quart; that they have to pay 25 cents for linen collars, costing at wholesale \$2.40 a dozen; pickles cost 8 cents each; cabbage 40 cents a head; 75 cents a bunch for asparagus and 35 cents a head for lettuce.

**WOMAN SUGGESTS REMEDY.**  
A young woman protested after having paid \$2 for a bag at a department store "bargain sale," which, she discovered later, cost 75 cents to manufacture. She said that many big business houses were not satisfied with 100 per cent. profit, but were making, in some cases, 150 to 200 per cent. She suggested a "remedy," as follows:

"Do not buy anything in the first store you visit. Ask the price, and, if it seems at all excessive, say you will not pay it and walk out. Then go next door and you may buy it for less. At any rate, these profiteers need to know that the public is wise to them. A tremendous volume of refuse to buy refuse, make merchants realize they must stop overcharging if they would not precipitate a general business boycott."

Obviously the flying squadron is working with the utmost secrecy and names of complainants are withheld. Several big New York corporations, which have been accused of making unjustifiable profits on foodstuffs and clothing are now reported under investigation. According to Mr. Riley, one convicted profiteer blamed the public for much of the high prices.

"It's so easy to get what you ask for," the merchant confided to the chief investigator, "that few business men can resist the temptation to raise prices. If I put two garments in my store window of exactly the same cut and material, but with a \$50 tag on one and a \$55 tag on the other, most persons would buy the higher-priced one. It's a strange freak of nature. People nowadays don't seem to concern themselves any more about what a thing costs."

Protests against profiteering are reported pouring into the Federal Building here from all over the country. When a complaint is received it is indexed and forwarded to Federal prosecutors and flying squadrons operating in the United States judicial territory where the victim resides. Investigation follows, and, if the facts warrant, arrests are made.

The campaign, initiated by Attorney General Palmer, will go on, according to H. L. Van Sledright, in charge of the New York office for Mr. Riley, "until prices of food, clothing, fuel and food for live stock are brought to more normal levels."

# HOLSUM BREAD

## Is a Perfect All-Round Food

### You Owe It to Your Children

All Bread is *not* alike!

Few people know it. Yet one loaf of bread, which looks like another, may contain only *half* the food value.

Bread can be made "skimpy" in food value, with water and poor quality flour—or it can be made "brim full" of nourishment by the use of high-grade flour, milk, rich in butter fat, and other ingredients of high food value.

## HOLSUM Bread

### Is the "Brim Full" Kind

Bread is a product with wonderful possibilities—and the HOLSUM Bakery long ago recognized that fact. Bread is the one food product that can be made "the perfect food." It can be made to contain every food element necessary to the human body, and in the proportions needed.

In other words, bread can be made an ideal "balanced ration," even if no other food were eaten.

Added to this **HOLSUM** is correctly processed and baked so as to make every food atom digestible—and this takes place in a scrupulously clean and sanitary baking plant.

## We Have Developed the Possibilities

While no normal person wishes to dispense with other foods, we realized it would be desirable to serve at each meal a food which is a perfect ration to the extent that when it was eaten it would insure the presence of every vital food element in the diet.

Pure honey is also an ingredient of high food value used in **HOLSUM**. It imparts flavor, has nutritive value and preserves the moisture and freshness.

**FOR WIDER TRAINING  
OF YOUNG PRINTERS.**

**MASTERS' ASSOCIATION PLANS  
TO MEET SCHOOL HEADS;  
MAY RUN CLASSES.**

As a result of the fact being brought out at a dinner last night that less than 3 per cent. of the boys who study printing enter the trade after graduation from the public schools, the Master Printers' Association of this city will shortly give a dinner at which the teachers of printing, the Superintendent of Schools and the Board of Education will be invited to discuss vocational training.

This was decided by a large number of printers last night, who, with fifteen boys students of the printing craft at the local schools, were the guests of W. F. Jeffries. The dinner was given at the Jonathan Club for the purpose of having the boys meet the representative printers of the city. Herbert E. Andrews, teacher of printing at the Jefferson High School, brought the boys to the dinner.

Speeches outlining the advantage of printing as a vocation and education, were made by Martin C. Newner, Seneca C. Beach, Tom Coleman, Jeffries and A. M. Dunn. Mr. Andrews spoke of the work that is being done in the trade. He said never more than 3 per cent. of the boys that graduate in printing ever remain in the trade. He said the reason for this is that the business men of the city do not give the attention to the academic side of vocational study, that is necessary.

Mr. Jeffries insisted that if the boys are studying printing and not entering the trade, lots of money is being wanted and urged that the instructors, the Superintendent of Schools, and the members of the Board of Education be invited to a dinner to discuss the matter.

It was intimated that the Master Printers' Association may start a school for the teaching of printing, but nothing definite will be done in this matter until after the entire subject has been thoroughly discussed with the Board of Education. If started, the school will probably be operated in connection with the public school system.

After the dinner the boys were taken to the Waynes Press establishment and shown through by Mr. Dunn, president of the company.

**SINGLE TAX EXPOSED.**

**No Fallacy Laid Bare in Debate Held at the City Club.**

The fallacy of the single tax, both theoretically and practically, was shown last evening at an open forum discussion at the City Club. A number of local business men attended the debate in order to learn of advantages to be derived from the proposed law, but left without having discovered the first benefit.

The arguments centered chiefly on the law as it forms in Canadian cities and the effect such an act would have on California.

# The People and Their Daily Troubles

## DOROTHY DIX TALKS SYMPATHY.

BY DOROTHY DIX.

If there is one thing in the world from which women should pray more fervently to be delivered than from anything else it is sympathy, whether given, or received.

Sympathy is woman's pet vice and her ever greatest danger. It is her standing temptation. It is her drug, her dope, the thing that takes away all of her sense and judgment, and renders her a much of a fool, and a slave to the whims of others.

Once touch a woman's sympathies, and her intellect automatically stops functioning, and has no more conception of the consequences of what she does than an idiot, and no more perspective of life than a jack rabbit.

Let a beggar tell a fearful tale, and it never occurs to a woman to look into the truth of his story, or to ask herself why she should support an able-bodied, husky man of 45 or 50, in any cause you don't want any more than you do a beggar, if you know your business, in appealing to their hearts.

You go straight for their hearts, and if you can rouse their pity it matters not whether the thing you put up to them is just or unjust, worthy or unworthy, sensible or foolish, you have them with you, to the last sister, and they will work themselves to death making financial petitions for the poor little naked children on the square, or deny themselves to contribute to the ice fund for the 20 quinos.

But as much harm as women do when they go plugging their sympathy indiscriminately over the world, its effects are not so disastrous as their own seeking for sympathy.

For while women like to give sympathy to others, they have a

morbid mania for receiving it themselves, and are shameless in the bids they make for it.

Heaven knows why anyone should desire to be an object of pity, because pity has in it an element of contempt. We look down upon those who pity us as somehow being weaker, and less fortunate than ourselves.

Women know this, and yet in spite of this knowledge their hunger for sympathy is such an insatiable appetite that they will gulp it down no matter with what arrogance and patronage it is flavored, nor how bitter is the portion of criticism and advice that is mingled with it.

Strange and inexplicable are the things that women will do in order to indulge themselves in the luxury of wallowing in pity. A woman will tell you the most intimate secrets of her life. She will strip every reserve from her domestic life, and tell you of her husband's faults and weaknesses, the particulars of his business affairs, his private opinion of his partners, his anxiety over some deal that he is in—things that are a black disonor for her even to mention.

She will open the door of the family closet and rattle the bones of the skeleton within for even a stranger woman will listen to her with a sympathetic air. She will tell of disgraceful things that have happened to her own father or mother, or brothers and sisters, and which you never could possibly have known except for her relating them.

She will even go further and traduce her own children and tell you of some youthful folly into which a daughter was betrayed, or that her son got into trouble about money at the bank and she had to pay him out, and that she's afraid that John had taken to drink, and she is so worried that she doesn't know what to do about him, who will stay out late with men of whom she disapproves.

All that you've got to do to make a woman tell all that she knows and everything that has happened to her or her family, is to let down your hair with her at night, and click your tongue against the roof of your mouth with a noise that sounds like sympathy, and say "poor thing" to her now and then. She's so drunk on sympathy that she

## LETTERS TO "THE TIMES."

EL PASO (Tex.) April 16.—[To the Editor of The Times:] There is so much said these days as to where the world may be drifting, particularly in view of the discontent in the United States, that it seems only right to call attention, as an instance of the underlying causes, to your magazine article of the 11th, entitled, "Has Prohibition Made for Efficiency?"

The saloons are gone, and every liberty-loving man and woman doubts will exert every precaution to prevent their return. However, when the abolition of the saloon, or the abolition of the introduction of any theory or practice, is accomplished by misrepresentation, fraud, graft and the like, the abolition of the saloon, or the abolition of the introduction of any theory or practice, is accomplished by misrepresentation, fraud, graft and the like, the abolition of the saloon, or the abolition of the introduction of any theory or practice, is accomplished by misrepresentation, fraud, graft and the like.

from the club arrived with an entire page devoted to an explanation of the parking ordinance. The ordinance that cars may be headed on to the curb on Fourth street from Olive to Grand avenue, on Olive from Third to Fifth streets, and on Grand avenue from Third to Sixth streets. Now all at sea more than ever I went to the desk sergeant at the police station to pay my fine. When I told him that the papers hadn't printed anything about the new ruling concerning cars parked head-on to the curb, showed him the article on that ruling in the Touring Topics, and asked about the cars which stand daily head on to the curb on Olive street below Eighth, he made the statement that the papers, the Automobile Club and the policeman who arrested me "didn't know what they were talking about" and that the article was all wrong and that you can't stand a car head on to the curb anywhere on the streets downtown at any time.

This blow was the final crusher and caused me to wonder if the ones who drafted the ordinance knew what it is all about. We felt sick as in the grocer's act, the same is occurred for Mr. Chandler, McFarland, James represent Mr.

Chief Submitter to the City's License Commission

The suit of James H. Chandler, retail grocer, attacking the ordinance of the city's business license commission, was taken under advisement by Judge Jackson yesterday morning in the case that will decide the merits.

Mr. Shortall is suing to restrain the commission from enforcing the ordinance which he declares is based on the second installment of the license fee, which he claims is about 1 per cent. of the business done by the grocer.

Judge Jackson also submitted the information of H. W. Kidd, an attorney based on the same ordinance, as in the grocer's act, the same is occurred for Mr. Chandler, McFarland, James represent Mr.

## CHULA VISTA

SAN DIEGO COUNTY

Ten weeks ago, San Diego Lands, Inc., offered six hundred acres of lemon groves (full bearing groves and groves nearing maturity).

There Remain Unsold Only 145 Acres of These Groves

This section is a proven district and very highly regarded by lemon producers. Modern packing plants are established in Chula Vista and National City, and the excellent shipping facilities make these properties, at the prices at which they are offered, exceptionally attractive.

The Santa Fe and San Diego & Arizona Railroads traverse this lemon district and make it possible to ship the product by a direct route to the eastern and northern markets.

The purchasers of these properties have the advantage of the thriving city of Chula Vista, with an estimated population of 1800, and National City, with an estimated population of 3500; with gas and electricity furnished by San Diego Consolidated Gas & Electric Company, and water furnished by the Sweetwater Water Corporation.

LIBERAL PURCHASE TERMS

These groves are offered on a most favorable cash and term basis. The initial payment is reasonable, the deferred payments bearing the low annual interest rate of 6%.

Briefs submitted in case of James H. Shortell, et al., vs. City of Los Angeles, City's License Ordinance.

The suit of James H. Shortell, et al., against the city of Los Angeles, was taken under advisement by Judge Jackson yesterday. The case is the one which will be decided by the court.

Mr. Shortell is asking for an injunction to restrain the city from enforcing the ordinance which he declares is invalid. In the second installment of the suit, he asks for the return of the license fee of \$500,000, which he claims the city has taken from him.

Judge Jackson also took under advisement the city's motion to dismiss the suit. He will decide whether or not the city is liable for the license fee.

Council Clears Way for Signature by Commissioners; Sale up to Voters.

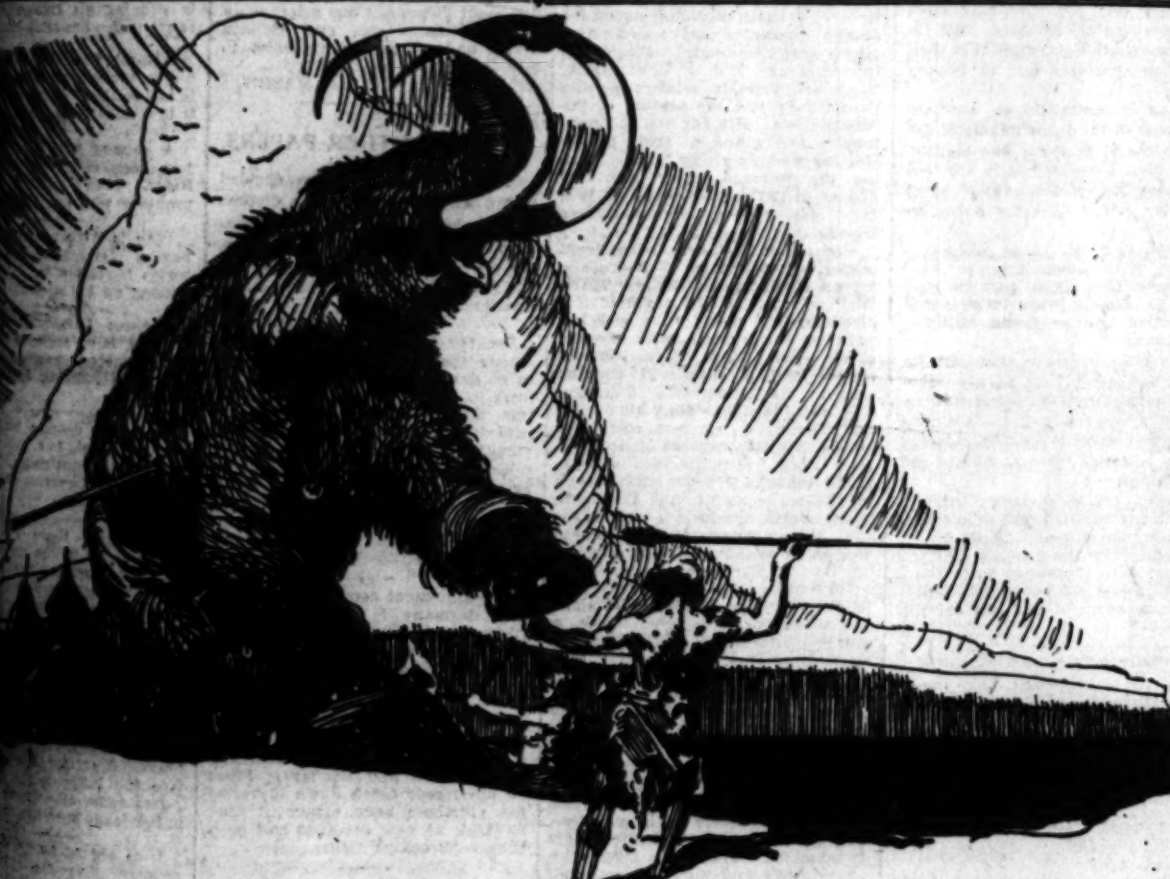

The city council yesterday cleared the way for the city to lease the cement plant at the Los Angeles Harbor. The council voted 10-2 to approve the lease, which would be subject to the approval of the voters.

The lease would be for a term of 10 years, and would require the city to pay the lessee a sum of \$100,000 per year. The lessee would be responsible for the operation of the plant, and for the payment of taxes and other expenses.

The council also voted to approve the city's motion to allow the city to sell the plant to the highest bidder. The sale would be subject to the approval of the voters.

**The survival of the Fittest—**

WHEN the battle for existence raged three million years ago between prehistoric man and prehistoric monsters, it was man, with the greatest instinct for preservation, that survived. One had the capacity for development, while the other, lacking it, has gone into oblivion . . . . .

The founders of H. S. Crocker Company had the same capacity for survival and development. Service, reliability & integrity have brought H. S. Crocker Company through sixty-four years of business life, from a pioneer tent to five large stores in four California cities.

Today the H. S. Crocker Company enjoys the reputation of being California's foremost Stationer and Printer.

H. S. Crocker Company justifies its reputation by serving its customers with a complete line of stationery, leather goods and office appliances; with one of the largest printing, engraving and lithographing plants in the West, and with an organization alert and ready to render service.

Arrives from Bay City with Full Complement of Passengers.

For the first time in history, a flying ship, carrying a full complement of passengers, made a flight from San Francisco to Los Angeles, yesterday, arriving at the Chaplin Field at 11 a.m.

Six passengers were carried on the airplane, which left San Francisco Sunday, coming by easy stages. The flight from Bakersfield took one hour. At 3 p.m. it left here on a return trip. The plane carried two pilots on each trip.

The flight was made under the auspices of the California Transportation Company, which plans to conduct regular passenger service between this city and the northern metropolis. The planes will leave here every other day.

**Engagement Told.**  
Rev. and Mrs. William Carson Shaw of Sierra Madre were hosts at an elaborate dinner party Saturday evening when they announced the engagement of their daughter, Miss Martha Louise Shaw to Mr. Charles Hall Perry of Sierra Madre. The table was adorned with Cecile Brunner roses and plates set for twenty guests. The wedding will take place May 15.

Seven Factory Heads with Their Families Arrive from Akron.

Seven factory heads, the first of 110 experts to be brought here by the Goodyear Tire and Rubber Company from Akron, O., for its new factory, arrived yesterday at 11 a.m. over the Santa Fe with their families. These men were met at the station by officials of the company and taken to the factory and then to the homes which have been secured for them.

The newcomers are F. H. Fuller, manager of personnel; Frank Maricita, night superintendent; H. R. Bralley, general foreman in charge of stock cutting and preparing; E. C. Eberhart, general foreman in charge of tubes, accessories and repairs; E. A. Klein, general foreman in charge of tire manufacture; J. P. McIntyre, general foreman in charge of mill room; B. Darrow, in charge of technical service.

They will start at once on the task of organizing a factory force pending the arrival of other experts from Akron. Their train arrived practically on time yesterday, there being no delay due to the rail strike.

**PROTESTS LICENSE FEES.**  
The city ordinance requiring license fees to be paid by traveling salesmen and agents who carry on business in Los Angeles for out-of-town firms was protested as "highly objectionable" by the Marvin Shoe Company of San Francisco in a letter received by the City Council yesterday. The company asks a refund of the license fee paid by its representatives. The request was referred to the City Attorney.

**TRUST SERVICE**

**When a Man "Lets Go"**

Many men, after toiling a lifetime, find themselves chained to their duties with a yearning desire to "let go" and enjoy a period of ease.

By such men this idea is worth considering: Should not a man at ripened years plan to "draw in," to narrow down his operations and his investments with a view to getting his accumulations in a form easy to handle and also to transfer safely to his successors?

Under the "Bank of Italy Trust Plan" you can accumulate, outgrow your business, an independent estate which will be augmented and administered under your observation, just as it will be after your death. Thus you can become independent of your business and create a certain, permanent income for your heirs. Look into this practical plan. Ask for our Booklet, the "Bank of Italy Trust Plan."

**OUR FIRST OVERALL CLUB.**  
**High School Boys Form One Here; Judge Taft Wears 'Em in Court.**

Alms a direct blow at the high cost of living, the boys of Manual Arts High School, at an assembly held at the school yesterday, formed the first "Overall Club" in the city high schools.

Beginning today about one-half the boys in attendance at that institution will wear overalls; the others are the members of the R.O.C., and they wear khaki uniforms. It is estimated that between 500 and 600 students will appear in overalls today. They will continue to wear this form of dress until the price of clothing takes a material fall.

**JUDGE WEARS 'EM.**  
Judge Taft is officially enrolled as a member of the overall club. He entered Department Thirteen yesterday in overalls, not blue, but khaki color—a new pair he bought at noon in a Broadway store.

"The cry used to be 'Back to the farm.' Today, it is back to overalls, and no man should be too proud to don them in protest at the excessive cost of clothing," he said.

He is the first in the Courtroom to throw aside "pans" for the overalls.

Mayor Snyder said of the campaign: "It is a good thing. I am in favor of anything that will teach people economy, that will bring down the high cost of living, that will bring home to the people as a whole that the period of reckless spending through which the country is going just now must come to an end."

**WHAT'S FOR WOMEN?**  
In line with the overall-for-everybody movement, the Executive Committee of the County Employees' Association will meet this morning to discuss a suitable costume for the women employed in the various offices of the Courthouse. Wholesale houses will submit prices for material and a dressmaker is being asked to name her price for making the dresses. The meeting will decide whether to choose the "pans" or a nurse or a plain khaki skirt and blouse.

Some of the women favor large aprons which will cover old clothes, while others are for a uniform costume so that the ensemble will be pleasing. The committee women include Miss Dawson, Miss Lawson and Miss Garrison.

Whether the army of county employees will take to wearing overalls is expected to be actually settled at a meeting arranged by the association's Executive Committee, headed by George Straight, president. The meeting is called for Saturday at noon in the Broadway entrance of the Hall of Records. The discussion will not be limited to blue overalls, but old clothes and khaki will be suggested as possible proper apparel.

Superior Court judges, the Supervisors, Sheriff Cline and others of his department, including Eugene Blacall, assistant chief deputy of the civil department, will take part. It also will be decided whether overalls or old clothes will be worn at the big dance of county employees to be held at Golders-Looney hall on April 27.

**ST. THOMAS (Ont.) April 19.**—The overall crusade in the United States has spread over the border to Canada, and clubs have been organized here and at several nearby towns.

**OMAHA, April 19.**—A fraternity at the University of Omaha announced today that its members will wear overalls to classes beginning Wednesday.

**FORM "PATCH CLUB."**  
(BY A. P. DAY WIRE.)  
**FREMONT (Neb.) April 19.**—When members of a recently-organized overalls club found the price of denim had advanced, they decided not to buy overalls and changed the name of their organization to the "patch club," pledging themselves to wear their old clothes until the cost of wearing apparel comes down. Business men are joining.

**BOSTON WEARIN' 'EM.**  
(BY A. P. DAY WIRE.)  
**BOSTON, April 19.**—Overalls headed the shoppers' list today in numerous Boston homes. After Rev. Louis L. Drannagan appeared last night in his pulpit at Orient Heights Methodist Episcopal Church, wearing overalls and jumpers, more than 200 of his congregation signed the "overalls pledge."

At Medford, Rev. Rollin A. Tuttle, clad in white denim, preached his first sermon as pastor of the Hillside Methodist Episcopal Church.

**BLUE DENIM BIBLE CLASS.**  
(BY A. P. DAY WIRE.)  
**ST. LOUIS, April 19.**—Blue denim made their first appearance here yesterday as church-going garb, being introduced by the members of the Methodist Bible class, eighty-five strong.

A local hotel announced that overalls for waiters and khaki for maids hereafter would be "regulars."

**EX-I.W.W. QUOTES BIBLE.**

Attempting to justify the I.W.W. and show that it was not the kind of an organization prohibited by the criminal syndicates law, Mrs. K. J. Jackson, a former I.W.W. and a witness for William M. Stein, on trial in Judge Willis's court, yesterday quoted the Bible in court. Mrs. Jackson said she joined the I.W.W. in 1918 and quit it in July, 1919, to go into a small business.

Under cross examination by Deputy District Attorney Keyes, McCarty and Turney, the witness said she still believed in the principles of the organization. K. G. Fendell, attorney for the defense, read much Red literature into the testimony. He will probably read his case today and argument may be heard on Wednesday.

**Does 3¢ = Americanism?**

*Did you know that 3c is MORE than the churches average from each member per day?*

**WE AMERICANS** may be thoughtless. Sometimes we may appear selfish. But when a great need arises, no one can say that we have ever shirked.

Ask any son of France. Ask any soldier of Great Britain. Or ask any Armenian mother or a girl with a red cross on her sleeve or one with a tambourine in her hand.

And now the churches come to us for help—our churches. Not begging. Not asking alms. But with heads lifted high facing a task so worthy that we, as loyal Americans, ought to feel it a *privilege* to help.

**Here is the Plain, Unvarnished Truth**

We don't need to be told that the church is the heart of the Nation. We admit its influence for lasting good in our children. We see its stabilizing influence on our communities. We know a little of its great hospitals, its homes for children, its schools and colleges here and abroad.

But most of us do not realize how pitifully inadequate the support of the churches is when compared to the urgent needs.

**Less than 3¢ a day!**

In spite of the great tasks which we expect our churches to carry out, those of us who give to the church—and the number is all too few—are now giving an average of **less than 3¢ a day for all church purposes.**

**Less than 3¢ a day.**

Shall our churches go on? It is for you to say.

Without your help the work of your church must be just that much less.

Give—and give from your heart as well as from your pocketbook.

**INTERCHURCH WORLD MOVEMENT**

This advertisement made possible by the cooperation of 30 denominations

**A World Survey Was Made**

Our churches know the needs that must be met. They know exactly how every dollar—every penny—will be used for the greatest good without waste.

A world survey was made by the churches that astounds business men in its thoroughness. County after county was studied; the countries of the world were visited and reported in minute detail.

**How the Interchurch World Movement Originated**

Our churches said: "The task of meeting the urgent needs shown by the world survey is too great for us to do individually as denominations. We must do this work together."

So thirty great denominations are cooperating—each keeping its own purpose and identity—but all working together under the name of the Interchurch World Movement.

Because of this cooperation, it is estimated that over one million dollars will be saved alone in eliminating waste and duplication.

## GERMAN CITY BONDS

Paying a certain rate of interest and offering attractive speculative features, can be bought now at ridiculously low prices. This is made possible by the low price of Foreign Exchange caused by the overwhelming demand for American products. As trade balances approach normal Foreign Exchange rates must necessarily increase in proportion—and the market value of the Bonds will undoubtedly closely follow the Exchange rate.

We offer, subject to prior sale, the following "bearer" Coupon Bonds:

Any part of 100,000 Marks in lots of 5000 Marks or more:	
Hamburg 4 1/2%	\$22.00

## The Service We Render

VI. Moody's Rating Books

FOUR mammoth "manuals" are supplied to each subscriber annually, one covering Steam Railroads, one Industrial, one Public Utilities, one American and Foreign Government Securities and Municipal obligations.

EACH book is complete in its chosen field and contains full descriptions and statistics of all the corporate and other enterprises of this country and Canada, as well as many in foreign countries, and all government and municipal issues in the United States and Canada, with the most comprehensive statistics available on foreign government issues.

ALL securities, whether stocks or bonds, are analyzed, classified and rated. These investment ratings are authoritative indicators of investment value and are used by thousands of investors and institutions in this country and abroad.

IN the four volumes more than 50,000 securities are rated. To all subscribers we send monthly supplements of current earnings, new ratings and revisions of old ratings when necessary, etc.

CERTAINLY if you are either directly or indirectly interested in security investments, you will recognize the value of these volumes. Every stock or bond you own or are thinking of purchasing is "rated." At a glance you can tell whether your investments are good, bad or "indifferent."

## Your Opportunity to Make Money

## STOCK OFFERING OF WESTERN MILLING COMPANY

This stock is non-assessable, issued under authority of California State Commissioner of Corporations, exempt from Normal Federal Income Tax.

The First Public Bulk Grain Elevator in California

THE HOME OF WESTERN MILLING COMPANY, OAKLAND, CALIFORNIA

The plant is being built on five acres on the inner harbor of Oakland, Cal., with deep-water frontage and rail facilities. Company's water frontage is free from dockage tolls. The Mill will have an annual capacity of 350,000 barrels of Flour and 1,000,000 tons of Feed, in addition to the wholesale bulk business in shipload and carload lots. The First Unit of the Mill will be in operation about August 1st, 1920. Milling capacity will start with 750 bbls. of FLOUR and 300 tons of FEED per day.

The personnel of the Western Milling Company is a guarantee of integrity and success.

H. E. WOOLNER, President, is also president of the Great Western Milling Company of Los Angeles, one of the most successful institutions on the Pacific Coast.

Incorporated 1912. Note the wonderful progress of this enterprise. The present monthly sales of this company are four hundred seventy-five thousand (\$475,000.00) and a conservative estimate for 1920 of five million five hundred thousand (\$5,500,000.00).

The common stock of this Company has a book value of \$188.00 per share and has earned 21 1/2 per cent. for the past four years; a stock dividend of 25% was lately paid in addition to the regular annual dividend.

The same men, with the same capabilities, propose to repeat their Los Angeles accomplishment in Oakland, under very much more favorable circumstances.

## STOCK OFFERING OF THE WESTERN MILLING CO.

7% Plus 50% in Common Stock Equals  
\$150.00 on every \$100.00 Invested

WE ARE OFFERING THE UNSOLD PORTION OF \$1,000,000, 7% Cumulative Preferred Shares, at a par value of \$100 with a bonus of FIFTY PER CENT. OF COMMON STOCK. DIVIDENDS PAYABLE QUARTERLY, January, April, July, and October.

Let us tell you all about the future plans and the big dividend-earning possibilities of the Western Milling Company.

Let us show you from economy of operation, combined rail and water facilities, where a saving alone shows over 7% on One Million Dollars, which is enough to pay the interest on the preferred stock, without considering one cent of profit.

Let us show you after paying 7% on the preferred stock, as dated above, that the common stock will pay from 18 to 20% per annum.

Descriptive literature now ready.

We consider that this investment possesses every element of security and we unqualifiedly recommend it as such.
